PROXY STATEMENT
ANNUAL MEETING OF STOCKHOLDERS

June 11, 2018

GENERAL

The enclosed proxy is solicited by the Board of Directors of Bay Banks of Virginia, Inc., the holding company for Virginia Commonwealth Bank and VCB Financial Group, Inc., for the Company's Annual Meeting of Stockholders to be held on June 11, 2018 (the "Annual Meeting"), at the time and place and for the purposes set forth in the accompanying Notice of the Annual Meeting, or any adjournment thereof. The date of this Proxy Statement is April 30, 2018 and the approximate mailing date of this Proxy Statement and accompanying proxy is May 7, 2018.

In this Proxy Statement, we refer to Bay Banks of Virginia, Inc. and its subsidiaries as a combined entity as the "Company" unless the context requires otherwise or unless otherwise noted, and we refer to Virginia Commonwealth Bank as the "Bank."

Business Items of the Annual Meeting

At the Annual Meeting, you will be asked to vote on the following proposals:

- to elect three (3) Class II directors named in this Proxy Statement for terms of three years each (Proposal 1);
- to approve, on a non-binding advisory basis, the Company's named executive officer compensation as described in this Proxy Statement (Proposal 2); and
- to ratify the appointment of Dixon Hughes Goodman LLP ("DHG") as the Company's independent registered public accounting firm for the year ending December 31, 2018 (Proposal 3).

Stockholders will also be asked to vote on any other matters which may properly come before the Annual Meeting. Management knows of no other business to be brought before the meeting. However, if other matters do properly come before the Annual Meeting, the persons named in the enclosed proxy card possess discretionary authority to vote in accordance with their best judgment with respect to such other matters.

Recommendation of the Board of Directors

The Board of Directors of the Company recommends that you vote "FOR" the election of the director nominees named in this Proxy Statement, "FOR" the approval of the Company's executive compensation as described in this Proxy Statement and "FOR" the ratification of DHG as the Company's independent auditors for 2018.

Record Date and Voting Rights of Stockholders

Only stockholders of record of the Company's common stock at the close of business on April 23, 2018 are entitled to notice of and to vote at the Annual Meeting or any adjournments thereof. The number of shares of the Company's common stock outstanding and entitled to vote as of the close of business on April 23, 2018 was 13,223,096. The Company has no other class of stock outstanding. Each share of common stock entitles the record holder thereof to one vote upon each matter to be voted upon at the Annual Meeting.

Quorum

The presence of holders of at least sixty percent (60%) of the Company's common stock entitled to vote at the Annual Meeting, in person or by proxy, will constitute a quorum for the transaction of business. Shares for which you have elected to abstain or to withhold the proxies' authority to vote on a matter will count toward a quorum, but will not be included in determining the number of votes cast with respect to such matter. Shares held by a brokerage firm, bank, broker-dealer or similar organization that are voted on any matter are included in the quorum; if such shares are not voted on any matter they will not be included in determining whether a quorum is present.

Vote Required

Approval of each of the proposals at the Annual Meeting requires the affirmative vote of more than 60% of the shares represented at the Annual Meeting. With respect to Proposal 1, directors are elected by the affirmative vote of more than 60% of the shares represented at the Annual Meeting. With respect to Proposals 2 (advisory vote on executive compensation) and 3 (ratification of DHG), the proposals will be approved if more than 60% of the shares represented at the Annual Meeting vote for approval of such proposals.

Voting Shares Held in Accounts with Brokerage Firms and Similar Organizations

If your shares are held in an account with a brokerage firm, bank, broker-dealer or similar organization, then your shares are held in "street name." The firm that holds your shares, or its nominee, is considered the registered stockholder for purposes of voting at the Annual Meeting, and you are considered the beneficial owner. As a beneficial owner, you have the right to direct the firm how to vote the shares held for you, and you must follow the instructions of that firm in order to vote your shares or to change a previously submitted voting instruction. If the firm does not receive instructions from you on how to vote your shares on a non-routine matter, that firm does not have the authority to vote on that matter with respect to your shares. Since you are not the registered owner, you may not vote the shares in person at the Annual Meeting unless you obtain a legal proxy from the firm that holds your shares giving you the right to vote shares registered in its name at the Annual Meeting. Please note that this legal proxy is different from the proxy card or voting instructions you generally receive in the mail. *If you wish to vote your shares in person, please contact the firm holding your shares for a legal proxy.*

Voting on Routine and Non-Routine Matters

If you own shares that are held in street name, and you do not provide the firm that holds the shares with specific voting instructions, then, under applicable rules, the firm that holds the shares may generally vote on "routine" matters but cannot vote on "non-routine" matters. If the firm that holds such shares does not receive instructions from you on how to vote your shares on a non-routine matter, that firm will inform the inspector of election of the Annual Meeting that it does not have the authority to vote on the matter with respect to the shares. This is generally referred to as a "broker non-vote."

Proposals 1 (election of directors) and 2 (advisory vote on executive compensation) in this Proxy Statement are matters that are considered non-routine under applicable rules. A broker or other nominee cannot vote without instructions on non-routine matters, and therefore broker non-votes may exist in connection with such proposals.

Proposal 3 (ratification of DHG) is considered a routine matter. A broker or other nominee generally may vote on routine matters, and therefore we expect no broker non-votes in connection with Proposal 3.

Revocation and Voting of Proxies

Execution or submission of a proxy will not affect a registered stockholder's right to attend the Annual Meeting and vote in person. Any registered stockholder who has executed or submitted a proxy may revoke it by attending the Annual Meeting and voting in person. A registered stockholder may also revoke his or her proxy at any time before it is exercised by filing a written notice with the Corporate Secretary of the Company or by submitting a proxy bearing a later date. Proxies will extend to, and will be voted at, any adjourned session of the Annual Meeting.

If your shares are held in street name, please follow the instructions delivered with the notice from your bank or broker or contact them for instructions on how to change or revoke your vote.

How Shares will be Voted

Shares represented by proxies will be voted at the Annual Meeting as follows:

- *Properly Completed Proxies* – Shares represented by a properly completed proxy that contains voting instructions will be voted in accordance with the voting instructions specified in the proxy.
- *Proxies Without Voting Instructions* – Shares represented by proxies that are properly signed and dated or submitted via the Internet but which do not contain voting instructions will be voted in accordance with the Board's recommendations set forth above.
- *Abstentions* – We will count a properly executed or submitted proxy indicating "Abstain" for purposes of determining whether there is a quorum present at the Annual Meeting, but the shares represented by that proxy will not be voted at the Annual Meeting.
- *Broker Non-votes* – Your broker may not vote your shares for you with respect to Proposals 1 and 2, unless you provide instructions to your broker on how to vote them. You should follow the directions provided by your broker regarding how to instruct your broker to vote your shares. If you do not do this, your broker may not vote your shares with respect to Proposals 1 and 2 (a broker non-vote).

A properly submitted proxy indicating "withhold" with respect to the election of one or more directors will not be voted with respect to the director or directors indicated. Abstentions and broker non-votes will have the same effect as a vote against a director in Proposal 1 (election of directors). A failure to vote will have no effect on the outcome of Proposal 1.

Abstentions and broker non-votes will have the same effect as a vote against Proposal 2 (advisory vote on executive compensation). A failure to vote will have no effect on the outcome of Proposal 2.

Abstentions will have the same effect as a vote against Proposal 3 (ratification of DHG). We do not expect any broker non-votes in connection with Proposal 3. A failure to vote will have no effect on the outcome of Proposal 3.

Costs of Solicitation

The cost of solicitation of proxies will be borne by the Company. Solicitation is being made by mail, and if necessary may be made in person, by telephone or email, or special letter by officers and regular employees of the Company, acting without compensation other than regular compensation.

PROPOSAL 1 – ELECTION OF DIRECTORS

The Company's Board of Directors is divided into three classes (I, II and III), and the term of office for the Class II directors will expire at the Annual Meeting. The current Class II directors are Lawrence N. Ashworth, James B. McNeer and Julien G. Patterson. If elected, Messrs. Ashworth, McNeer and Patterson will serve until the Annual Meeting of Stockholders in 2021 or until their successors are duly elected and qualified.

The persons named in the proxy will vote for the election of the nominees named below unless authority is withheld. If, for any reason, the persons named as nominees should become unavailable to serve, an event that management does not anticipate, proxies will be voted for such other person as the Board of Directors may designate.

The following table provides certain biographical information with respect to each director and director nominee for election at the Annual Meeting. Information on the specific experience and qualifications that led the Board to conclude that each director or director nominee should serve as a director of the Company follows under "Board of Directors Information – Qualifications and Experiences of Directors" beginning on page 7.

Board of Directors Information

Board Independence. The Company's Board of Directors has determined that, except for Mr. Greene and Mr. Scott, each director is independent within the NASDAQ definition of "independent director."

Board Meetings. Each director is expected to devote sufficient time, energy and attention to ensure diligent performance of the director's duties, including attendance at Board and Committee meetings. During 2017, there were 15 meetings of the Board of Directors. Each incumbent director attended at least 75% of the aggregate number of meetings of the Board of Directors and its Committees of which he or she was a member. Directors are encouraged to attend stockholders meetings, and all but one of the then-serving directors attended the 2017 Annual Meeting of Stockholders.

There are no family relationships among any of the directors or among any directors and any executive officers. None of the directors serves as a director of any other publicly held company.

Leadership Structure. The positions of Chairman of the Board and Chief Executive Officer are held by separate persons. The Chief Executive Officer serves on the Board of Directors; however, his main focus is to provide leadership to the Company in accomplishing the directives established by the Board. In that role, he is responsible for the general administration, oversight, care and management of the business of the Company, as well as full authority over all officers, managers and employees. Historically, the Chairman of the Board has been an independent director. Following the merger of the Company with Virginia BanCorp, however, the Board of Directors believes that it is appropriate for Mr. Scott, current President of the Bank and former Chief Executive Officer of Virginia BanCorp, to serve as Chairman of the Board to provide enhanced Board oversight following integration of the two banks and during the leadership transition. In addition, the Board of Directors provides independent oversight of the Chief Executive Officer, directs the business and affairs of the Company for the benefit of its stockholders, and balances the interests of the Company's diverse constituencies including stockholders, customers, employees and communities.

The Enterprise Risk Committee directs management's Enterprise Risk Management ("ERM") program. The ERM program assesses six risk areas on a quarterly basis. These risk areas are credit, market, liquidity, operational, legal and compliance. Furthermore, the Board establishes standards for risk management by approving policies that address and mitigate the aforementioned risks, plus capital risk and fiduciary risk. The Audit Committee oversees financial, accounting and internal control risk management. The Board also monitors, reviews, and reacts to risk through various reports presented by management, internal and external auditors, and regulatory examiners.

Board Committees

The Board of Directors of the Company has, among others, a standing Audit Committee and Compensation Committee.

Audit Committee. The Audit Committee currently consists of C. Dwight Clarke (Chairman), Lawrence N. Ashworth, Richard A. Farmar, III and James P. VanLandingham. All members of the Audit Committee meet the requirements for independence as set forth in the NASDAQ definition of "independent director" and meet the definition of an independent director as set forth in Rule 10A-3 of the Securities Exchange Act of 1934. The Board has determined that Mr. Clarke qualifies as an "audit committee financial expert" as defined by Securities and Exchange Commission regulations. All Audit Committee members bring a diversity of financial knowledge and expertise and have extensive business backgrounds that the Board has determined are sufficient for the proper exercise of their duties on the Committee.

The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the Company's independent registered public accounting firm. Accordingly, the independent registered public accounting firm reports directly to the Audit Committee of the Company. It is the responsibility of the Audit Committee to select the Company's independent registered public accounting firm, to approve the scope of the independent registered public accounting firm's audits and to review the reports of examination by the regulatory agencies, the independent registered public accounting firm and the internal auditor. The Committee regularly reports to the Board of Directors of the Company. The charter of the Audit Committee attached as Exhibit A to this Proxy Statement, and is available upon request. To obtain a copy of the charter, please submit a written request to the Company's Corporate Secretary at the address given in the "Stockholder Proposals" section in the Proxy Statement. The Audit Committee met six times during 2017.

Compensation Committee. The Compensation Committee currently consists of Larry C. Tucker (Chairman), Elizabeth H. Crowther, James B. McNeer and Julien G. Patterson. All members of the Compensation Committee meet the requirements for independence as set forth in the NASDAQ definition of “independent director.” As part of its responsibilities, the Committee acts on behalf of the Board in setting executive compensation policy and administering compensation plans; makes decisions or develops recommendations for the Board with respect to the compensation of the Company’s executive officers; recommends to the Board the amount of contributions to the retirement plans of the Company; and selects independent compensation consultants if needed. In the opinion of the Compensation Committee and the Board of Directors, the Company’s compensation programs, practices and policies do not encourage excessive or inappropriate risk taking and are not reasonably likely to have a material adverse effect on the Company. The charter of the Compensation Committee is attached as Exhibit B to this Proxy Statement, and is available upon request. To obtain a copy of the charter, please submit a written request to the Company’s Corporate Secretary at the address given in the “Stockholder Proposals” section in this Proxy Statement. The Compensation Committee met five times in 2017.

Nominating Committee. The Company’s Board of Directors does not have a standing nominating committee. The Board of Directors does not believe that it is necessary to have a nominating committee because it has determined that the functions of a nominating committee can be adequately performed by its independent members and that stockholders are best served by having such directors participate in the selection of board nominees.

In accordance with the Company’s Bylaws, nominations for the election of directors shall be made by the Board of Directors or by any stockholder entitled to vote in the election of directors generally. However, any stockholder entitled to vote in the election of directors generally may nominate one or more persons for election as director(s) at a meeting only if written notice of such stockholder’s intent to make such nomination or nominations has been given, either by personal delivery or by U.S. mail, postage prepaid, to the Secretary of the Company not later than (i) with respect to an election to be held at an annual meeting of stockholders, 120 days prior to the date of the anniversary of the immediately preceding Annual Meeting, and (ii) with respect to an election to be held at a special meeting of stockholders for the election of directors, the close of business on the seventh day following the date on which notice of such meeting is first given to stockholders. Each notice shall set forth: (a) the name and address of the stockholder who intends to make the nomination and of the person or persons to be nominated; (b) a representation that the stockholder is a holder of record of stock of the Company entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice; (c) a description of all arrangements or understandings between the stockholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the stockholder; (d) such other information regarding each nominee proposed by such stockholder as would be required to be included in a proxy statement filed pursuant to the proxy rules of the Securities and Exchange Commission, had the nominee been nominated, or intended to be nominated, by the Board of Directors; and (e) the consent of each nominee to serve as director of the Company if so elected. The Chairman of the meeting may refuse to acknowledge the nomination of any person not made in compliance with the foregoing procedure. The above procedures are in addition to the procedures regarding inclusion of stockholder proposals in proxy materials set forth in “Stockholder Proposals” in this Proxy Statement.

Qualifications for consideration as a director nominee may vary according to the particular areas of expertise being sought as a complement to the existing board composition. High-level leadership experience in business activities, breadth of knowledge about issues affecting the Company and time available for meetings and consultation on Company matters are among the initial criteria the Board looks for in a candidate. Although the Board has not adopted a formal policy relating to Board diversity, the independent directors seek a diverse group of candidates who possess the background, skills and expertise

to make a significant contribution to the Board, to the Company and to its stockholders. The independent directors, along with the other board members as appropriate, evaluate potential nominees, whether proposed by stockholders or otherwise, by reviewing their qualifications, reviewing results of personal and reference interviews and reviewing other relevant information. Consideration is made of a candidate's ability to complement the existing Board, and the Board's need for operational, management, financial, technological or other expertise, as well as geographical representation within the Company's market areas. Other factors, such as a candidate's race, gender, or national origin, are considered if all other qualifications are met. The full Board selects and recommends candidates for nomination as directors for stockholders to consider and vote upon at an annual meeting.

In the first half of 2017, non-employee directors of the Company received a \$7,000 annual retainer, with the exception of the Chairman, who received a \$12,000 annual retainer. Effective July 2017, the Company revised its compensation policy for directors of the Company such that non-employee directors receive a \$12,000 annual retainer, the Chairman receives a \$5,000 annual retainer, Audit Committee members receive a \$2,000 annual retainer (\$4,000 for the Audit Committee Chair) and other committee members receive a \$750 annual retainer (\$1,500 for other committee Chairs). In addition, certain non-employee directors serve as chairpersons on various community boards for the Bank, and received \$50 for each meeting attended.

The Company has a nonqualified Directors Deferred Compensation Plan which allows for the deferral of pre-tax income associated with the payment of cash fees and retainers. Directors may elect to defer all or a portion of their director fees and retainers under this plan. Amounts deferred pursuant to the plan can be invested in various mutual funds, with the portfolio composition up to the discretion of the director. Amounts under the plan will be paid following a distributable event. A distributable event includes termination of service as a director or a specific date without regard to continued service as a director. Distributions can be received either as a lump-sum payment or in substantially equal payments over a period of not more than 20 years.

In 2017, each director received stock options under the Company's 2013 Stock Incentive Plan, including the following awards:

- In February 2017, each then-serving non-employee director of the Company received stock options for service during 2016. The Chairman of the Board of the Company and the Chairman of the Board of the Bank each received options for 1,000 shares of the Company's common stock, and all other directors of the Company received options for 500 shares of the Company's common stock.

Executive Compensation Overview

The Compensation Committee is governed by a Compensation Committee Charter which outlines the organization and responsibilities of the Compensation Committee. In general, the Compensation Committee's philosophy and strategy, as part of the Company's mission to provide outstanding banking service to its community and to provide an excellent return to its stockholders, is to provide a comprehensive total compensation program that allows the Company to attract, retain and reward skilled and motivated key executives who are essential to the Company's business plan. The Compensation Committee intends to have a total compensation program that is generally consistent with the Company's identified industry peers and is designed to reward key executives for achieving operational and financial goals with a view to long-term success and rewards for the Company's stockholders.

At the discretion of the Compensation Committee and, where appropriate, the Company's Board of Directors:

- The Company's executive compensation programs may be benchmarked to an industry-specific peer group of financial services organizations in Virginia and, where appropriate, to standardized financial services survey data. Compensation comparability may be determined using, among other criteria, asset size, earnings, location, organizational structure, number of employees, market capitalization and service offerings.
- The Company's annual incentive plan(s) should provide each participant with target incentive awards that generally track short-term individual goals, as well as performance results for the Company.
- The Compensation Committee believes that meaningful equity participation in the Company by key executives helps align their interests with those of other stockholders. When appropriate, key executives may be eligible to participate in the Company's long-term equity program. Among other things, company and individual performance may be considered when determining the size, frequency and vesting of stock grants. Grants may be in the form of options, stock or units.
- When appropriate, executives may be selected to participate in the Company's supplemental and/or perquisite programs. Among other things, consideration may be dependent on comparable data, retention value of the executive and cost to the Company.
- Contractual arrangements between the Company and individual executives may be provided at the discretion of the Compensation Committee.
- The Compensation Committee is charged with creating an equitable compensation program that is in the best interests of stockholders and aligns executive compensation opportunity to the short- and long-term financial success of the Company.

Elements of Compensation

For 2017, the principal components of compensation for the Company's executive officers were base salary, incentive stock options and performance-based incentive compensation in the form of cash.

These and other elements of compensation are described below and are detailed in the Summary Compensation Table.

Review of Compensation

During 2017, the Compensation Committee used a peer group of 17 banks and bank holding companies based in Virginia, contiguous states and South Carolina for benchmarking compensation. The peer group was modified from prior years to take into account the Company's changed asset size and complexity resulting from the Virginia BanCorp merger. The Compensation Committee reviews an executive compensation analysis annually, which compares the Company's practices (and company performance) to those institutions in a peer group as a reference when setting compensation.

The Compensation Committee reviews the compensation for the President and Chief Executive Officer on an annual basis, taking into account, among other things, the Company's executive compensation philosophy and strategy, the information it receives from any outside sources (including the peer group analysis) and the performance of the Company during the review period.

The Compensation Committee then recommends to the full Board the compensation for the President and Chief Executive Officer for review, discussion, revision if requested, and approval. Compensation for executive officers other than the President and Chief Executive Officer is recommended to the Compensation Committee by the President and Chief Executive Officer on an annual basis. The President and Chief Executive Officer takes into account substantially the same information as the Compensation Committee does when setting the President and Chief Executive Officer's compensation. The Compensation Committee reviews these recommendations and has the authority to revise the proposed compensation, and approve and finalize such officers' compensation.

Role of Compensation Consultant

During 2017, the Compensation Committee retained the services of Pearl Meyer & Partners, LLC ("Pearl Meyer"), an independent third-party executive compensation consulting firm, to provide consulting services with respect to the Company's executive compensation program. The services included developing the custom peer group described above, considering that the Company had almost doubled in terms of asset size with the Virginia BanCorp merger. Pearl Meyer reported directly to the Compensation Committee and provided no other services to the Company other than acting as an executive compensation consultant.

Base Salary

The Company's executive compensation program has substantially relied on base salary as its primary component. Base salary is paid to recognize the day-to-day duties and responsibilities of the Company's executive officers. Individual base salary determinations involve consideration of market competitiveness, incumbent qualifications, performance and service longevity. Effective July 1, 2017, the named executive officers received merit increase adjustments. The base salaries for 2017 after these adjustments were:

<u>Name</u>	<u>Title</u>	<u>Base Salary</u>
Randal R. Greene	President and Chief Executive Officer of the Company; Chief Executive Officer of the Bank	\$340,000
C. Frank Scott, III	President of the Bank	\$240,000
Douglas F. Jenkins, Jr.	Executive Vice President of the Company and the Bank	\$235,000

Incentive Compensation

The Company's incentive compensation consists of a short-term performance-based cash incentive plan that generally includes measurable objectives for each of the Company's executive officers. For 2017, a performance-based cash incentive plan was approved by the Compensation Committee that established measurable objectives for each of the Company's executive officers, which was based on projected cost savings in connection with the Virginia BanCorp merger. Depending upon the executive officer position, the categories are weighted to reflect the individual executive's span of responsibility for the Company's performance. Cash bonus opportunities, expressed as a percentage of annual salary, for the named executive officers range from 30% (Mr. Greene) to 25% (Messrs. Scott and Jenkins). The Compensation Committee approved the 2017 performance awards in April 2018. Mr. Greene received \$102,000, Mr. Scott received \$60,000 and Mr. Jenkins received \$58,750.

Equity Compensation Plans

The Company's current equity compensation plan, the Bay Banks of Virginia, Inc. 2013 Stock Incentive Plan ("2013 Plan"), was adopted by the Company's Board of Directors on February 21, 2013 and was approved by stockholders on May 20, 2013 at the Company's 2013 annual meeting. The 2013 Plan makes available up to 385,000 shares of common stock for granting stock options in the form of incentive stock options and non-statutory stock options, restricted stock awards and other stock-based awards to employees and directors of the Company and its subsidiaries. The 2013 Plan superseded and replaced the Company's 2003 Incentive Stock Option Plan and 2008 Non-Employee Directors Stock Option Plan.

The purpose of the 2013 Plan is to further the long-term stability and financial success of the Company by attracting and retaining employees and directors through the use of stock incentives. The Company believes that ownership of its common stock will stimulate the efforts of those persons upon whose judgment, interest and efforts the Company is and will be largely dependent for the successful conduct of its business, and will further the identification of those persons' interests with the interests of the Company's stockholders.

The 2013 Plan is administered by the Compensation Committee, which has the power to select plan participants and to grant stock options, restricted stock awards and other-stock based awards on terms the Compensation Committee considers appropriate, including based on performance. In addition, the Compensation Committee has the authority to interpret the plan, to adopt, amend, or waive rules or regulations for the plan's administration, and to make all other determinations for administration of the plan. For 2017, Mr. Greene was granted incentive stock options for 10,000 shares, Mr. Scott was granted incentive stock options for 10,000 shares and Mr. Jenkins was granted incentive stock options for 7,500 shares. Each of these grants was made on December 7, 2017 with an exercise price of \$10.35 and an expiration date of December 7, 2027.

Under the 2013 Plan, of the 385,000 shares authorized, 219,210 were available for granting purposes as of December 31, 2017. Options were outstanding and exercisable for 251,026 shares as of December 31, 2017, under the 2013 Plan and expired stock option plans.

The following table presents certain information on the unexercised stock options and restricted stock held by the named executive officers as of December 31, 2017.

Employment Agreement and Change in Control Arrangements

On November 2, 2016, the Company entered into new employment agreements with Randal R. Greene and Douglas F. Jenkins, Jr., effective immediately. Also on November 2, 2016, the Company entered into an employment agreement with C. Frank Scott, III that became effective upon consummation of the merger with Virginia BanCorp in April 2017.

Employment Agreement with Randal R. Greene. Under the terms of the employment agreement with Mr. Greene, dated November 2, 2016, Mr. Greene is employed as President and Chief Executive Officer of the Company and Chief Executive Officer of the Bank. The term of Mr. Greene's agreement commenced on November 2, 2016 and will expire on November 2, 2019, unless earlier terminated or extended as provided therein. Beginning on the first anniversary of his agreement and on each anniversary thereafter, the term will be extended an additional year, unless either party gives at least three months prior notice to the other.

Mr. Greene receives a base salary of not less than \$281,800 and may receive base salary increases and incentive, bonus compensation or other compensation in the amounts determined by the Board of Directors of the Bank. Mr. Greene also is eligible to participate in the Company's long-term and short-term incentive plans, with a maximum annual incentive compensation of 25% of his base salary, and in cash and non-cash employee benefit plans and is provided with use of a bank-owned automobile and reimbursement for country club membership and fees and certain expenses.

Mr. Greene's agreement also provides for the termination of his employment at any time by the Company for other than "Cause" or by Mr. Greene for "Good Reason" (as those terms are defined in his agreement). Upon termination under either of these circumstances and provided that Mr. Greene releases and waives his claims against the Company as provided in his agreement, Mr. Greene will be entitled to the following:

- an amount equal to the greater of (i) a monthly amount equal to one-twelfth of his annual base salary in each month for the remainder of the term of his agreement, or (ii) a monthly amount equal to one-twelfth of his annual base salary for a period of one year;
- any bonus or other short-term incentive compensation earned, but not yet paid, for the year prior to the year in which his employment terminates; and
- if Mr. Greene so elects, continued participation in the Company's group health and dental plans for the period in which payments are made above and payment by the Company of its portion of premiums in effect at the date of termination.

If within one year after a Change in Control (as defined in his agreement), Mr. Greene's employment is terminated without Cause or if he resigns for Good Reason, Mr. Greene will be entitled to receive a lump sum cash payment equal to 2.99 times the sum of his base salary and most recent annual bonus (in each case, as of the date of termination or, if greater, as of the Change in Control) and continued participation in benefit plans as described above for a period of two years.

Mr. Greene also will be subject, in certain circumstances, to non-competition and non-solicitation restrictions for a period of 24 months following the termination of his employment.

Employment Agreement with C. Frank Scott, III. Under the terms of the employment agreement with Mr. Scott, dated November 2, 2016, Mr. Scott is employed as President of the Bank. The term of the agreement commenced on April 1, 2017 and will expire on the third anniversary thereof, unless earlier terminated or extended as provided therein. The term will be extended for an additional year unless either party gives at least three months prior notice to the other prior to the end of the original term.

Mr. Scott receives an initial base salary of not less than \$219,681 and may receive base salary increases and incentive, bonus compensation or other compensation in the amounts determined by the Board of Directors of the Bank. Mr. Scott also is eligible to participate in the Company's long-term and short-term incentive plans and in cash and non-cash employee benefit plans and is provided with use of a bank-owned automobile and reimbursement for certain expenses.

Mr. Scott's agreement also provides for the termination of his employment at any time by the Company for other than "Cause" or by Mr. Scott for "Good Reason" (as those terms are defined in his agreement). Upon termination under either of these circumstances and provided that Mr. Scott releases and waives his claims against the Company as provided in his agreement, Mr. Scott will be entitled to the following:

- a monthly amount equal to one-twelfth of his annual base salary in each month for the remainder of the term of his agreement;
- any bonus or other short-term incentive compensation earned, but not yet paid, for the year prior to the year in which his employment terminates; and
- if Mr. Scott so elects, continued participation in Bay Banks' group health and dental plans for the period in which payments are made above and payment by Bay Banks of its portion of premiums in effect at the date of termination.

If within one year after a "Change in Control" (as defined in his agreement), Mr. Scott's employment is terminated without Cause or if he resigns for Good Reason, Mr. Scott will be entitled to receive a lump sum cash payment equal to two times the sum of his base salary and most recent annual bonus (in each case, as of the date of termination or, if greater, as of the Change in Control) and continued participation in benefit plans as described above for a period of two years.

Employment Agreement with Douglas F. Jenkins, Jr. Under the terms of the employment agreement with Mr. Jenkins, dated November 2, 2016, Mr. Jenkins is employed as Executive Vice President of the Company and Executive Vice President and Chief Banking Officer of the Bank. The term of Mr. Jenkins's agreement commenced on November 2, 2016 and will expire on November 2, 2018, unless earlier terminated or extended as provided therein. The agreement automatically will renew for successive two year terms, unless either party gives at least three months prior notice to the other.

Mr. Jenkins receives a base salary of not less than \$205,700 and may receive base salary increases and incentive, bonus compensation or other compensation in the amounts determined by the Board of Directors of the Bank. Mr. Jenkins also is eligible to participate in the Company's long-term and short-term incentive plans and in cash and non-cash employee benefit plans and is provided with use of a bank-owned automobile and reimbursement for certain expenses.

Mr. Jenkins's agreement also provides for the termination of his employment at any time by the Company for other than "Cause" or by Mr. Jenkins for "Good Reason" (as those terms are defined in his agreement). Upon termination under either of these circumstances and provided that Mr. Jenkins releases and waives his claims against the Company as provided in his agreement, Mr. Jenkins will be entitled to the following:

- an amount equal to the greater of (i) a monthly amount equal to one-twelfth of his annual base salary in each month for the remainder of the term of his agreement, or (ii) a monthly amount equal to one-twelfth of his annual base salary for a period of one year;
- any bonus or other short-term incentive compensation earned, but not yet paid, for the year prior to the year in which his employment terminates; and
- if Mr. Jenkins so elects, continued participation in the Company's group health and dental plans for the period in which payments are made above and payment by the Company of its portion of premiums in effect at the date of termination.

If within one year after a Change in Control (as defined in his agreement), Mr. Jenkins's employment is terminated without Cause or if he resigns for Good Reason, Mr. Jenkins will be entitled to receive a lump sum cash payment equal to two times the sum of his base salary and most recent annual bonus (in each case, as of the date of termination or, if greater, as of the Change in Control) and continued participation in benefit plans as described above for a period of two years.

Mr. Jenkins also will be subject, in certain circumstances, to non-competition and non-solicitation restrictions for a period of 24 months following the termination of his employment.

Benefit Plans

Pension Plan. The Company has a non-contributory cash balance pension plan which was frozen effective December 31, 2012. Prior to that date, the account balance for each participant grew each year with annual pay credits based on age and years of service and monthly interest credits based on an amount established each year by the Company's Board of Directors, subject to a minimum of 3% per the Internal Revenue Code. Pursuant to the terms of the cash balance pension plan, employees are 100% vested after three years of service. Once vested, the accumulated cash balance is available to the participant upon retirement, death or other termination of employment and is payable in various forms at the election of the participant, including as a lump sum. As of December 31, 2012, annual pay credits were discontinued, but each participant's account balance will continue to grow based on monthly interest credits.

At December 31, 2017, the lump sum value of accrued benefit in this plan was \$16,192 for Mr. Greene and \$58,293 for Mr. Jenkins. Mr. Scott is not a participant in the pension plan.

401(k) Plan. The Company has a contributory 401(k) plan. In 2017, all salaried employees of the Company's subsidiaries were eligible to participate on the first of the month following an employee's hire date. There is no age requirement. Participants can elect to defer between 1% and 15% of their base compensation, which will be contributed to the plan, providing the amount deferred does not exceed the federal dollar maximum election deferral for each year. The Company's subsidiaries match 100% up to a 3% deferral, then 50% on the next 3% of deferrals. Employees become 100% vested in the subsidiary's match after two years of service. Distributions to participants are made at death, retirement or other termination of employment in a lump sum payment. The plan permits certain in-service withdrawals. Normal retirement age is considered 65; early retirement is considered at 55 with 10 years of vested service; disability retirement has no age requirements but a service requirement of 10 years of vested service.

As a result of the merger with Virginia BanCorp, the Company had a second 401(k) Plan (the "VCB 401(k)") during 2017, which was available to employees of the Company who were eligible employees of the former Virginia Commonwealth Bank prior to the merger with Bank of Lancaster in April 2017. Any employee is eligible to participate in the VCB 401(k) after reaching age 21. Participants can elect to defer between 1% and 15% of their base compensation, which will be contributed to the plan providing the amount deferred does not exceed the federal dollar maximum election deferral for each year. Prior to the merger, Virginia Commonwealth Bank matched 100% of employee deferrals up to 4% with a contribution to the employee's ESOP account, subject to a vesting schedule. Employees become vested in the match immediately. The Company merged the VCB 401(k) into the Company's 401(k) plan effective January 1, 2018.

Employee Stock Ownership Plans. During 2017, the Company had two Employee Stock Ownership Plans. The first plan is a noncontributory Employee Stock Ownership Plan ("Surviving

ESOP”) for the benefit of all eligible employees of the Company who became eligible prior to and after the merger with Virginia BanCorp on April 1, 2017. Employees who have completed twelve months of service and who have attained the age of 21 years are eligible. Contributions to the plan are at the discretion of the Company’s Board of Directors. Contributions are allocated proportionately based on the covered compensation of each participant compared to the aggregate covered compensation of all participants for the plan year. Allocations are limited to 25% of eligible participant compensation. Participant accounts are 30% vested after two years, 40% vested after three years with vesting increasing 20% each year thereafter, until 100% vested.

As a result of the merger with Virginia BanCorp on April 1, 2017, the Company has a second ESOP (“Acquired ESOP”), which was available to eligible employees of former Virginia Commonwealth Bank. The Acquired ESOP was a non-contributory plan supported by contributions made at the discretion of the Bank’s Board of Directors. The Acquired ESOP was a stock bonus plan qualified under Section 401(a) of the Internal Revenue Code and an employee stock ownership plan under Section 4975(e)(7) of the Internal Revenue Code. The Acquired ESOP was eligible to each employee over the age of 21 who had been employed for at least one month. The Company made semi-monthly safe harbor cash contributions totaling 3% of an eligible employee’s compensation to the employee’s account. These safe harbor contributions were not subject to a vesting schedule. At the discretion of the Board of Directors on an annual basis, the Company also matched 100% of eligible employee 401(k) plan contributions up to 4% of earned compensation, and this match was deposited into the employee’s ESOP account. Such matching contributions made by the Company were subject to a vesting schedule whereby participants must have been credited with at least 1,000 hours of service for the plan year.

The Surviving Plan was amended and restated effective January 1, 2018, and the Acquired Plan was merged into the Surviving Plan (now, the “Combined ESOP”). Participants of either prior plan on January 1, 2018 shall continue to be a participant in the Combined ESOP. Otherwise, each eligible employee shall become a participant as of the first January 1st or July 1st coinciding with or following the date on which the employee has attained the age of 21 and has completed one year of service in which at least 1,000 hours of service has been credited to the employee. The Company may make discretionary and matching contributions to the Combined ESOP. The employee must become a participant in the Combined ESOP for purposes of receiving allocations of matching contributions as of the first day of the month coinciding with or following the date on which salary deferral contributions are made on their behalf under the 401(k) plan.

Deferred Compensation Plan. Messrs. Greene and Jenkins, in addition to certain other eligible executive officers, are entitled to participate in the Bay Banks of Virginia, Inc. Executive Deferred Compensation Plan. Pursuant to the nonqualified plan, eligible executive officers can defer up to 100% of base salary and/or bonus on an annual basis.

Amounts deferred pursuant to the plan can be invested in the Company’s common stock and various mutual funds, with the portfolio composition up to the discretion of the executive officer. Although the Company does not make matching contributions to the plan, it may elect to make contributions approved by the Compensation Committee and/or the Board. In 2017, the Company made discretionary contributions to the plan of \$22,829 for Mr. Greene and \$21,389 for Mr. Jenkins.

Amounts under the plan will be paid following a distributable event. A distributable event includes a specific date, termination of employment with the Company, retirement or a date based on the later of a combination of these dates. Distributions can be received either as a lump-sum payment or in substantially equal payments over a period of not more than 20 years.

PROPOSAL 2 – ADVISORY VOTE ON EXECUTIVE COMPENSATION

In accordance with SEC regulations, the Company is providing stockholders with an advisory (non-binding) vote on the compensation of the named executive officers as disclosed in this Proxy Statement. Such a proposal, commonly known as a “say-on-pay” proposal, gives stockholders the opportunity to endorse or not endorse the Company’s executive compensation programs and policies. At the Company’s 2013 Annual Meeting, the stockholders voted in favor of having an advisory (non-binding) vote on executive compensation every year. Accordingly, stockholders may vote on the following resolution at the Annual Meeting:

“RESOLVED, that the stockholders approve, on an advisory basis, the compensation of the Company’s named executive officers as disclosed in the Executive Compensation section of the Company’s 2018 Proxy Statement, including the compensation tables and related narrative disclosure in the 2018 Proxy Statement.”

The Company believes its compensation programs and policies are strongly aligned with the long-term interests of its stockholders. Because this vote is advisory, it will not be binding upon the Company’s Board of Directors or the Compensation Committee. However, the Board and the Compensation Committee will take into account the outcome of the vote when considering future executive compensation decisions.

The Board of Directors unanimously recommends that you vote for the approval, on an advisory basis, of Company’s executive compensation programs and policies, by voting FOR the approval of the above resolution.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of Bay Banks of Virginia, Inc. oversees the Company’s financial reporting process on behalf of the Board of Directors of the Company. The Audit Committee is elected by the Board of Directors of the Company. All members of the Audit Committee are independent of management. The Audit Committee operates under a written charter adopted by the Board of Directors and the Audit Committee.

While management has the primary responsibility for the quality and integrity of the Company’s financial statements and reporting processes, the Audit Committee provides assistance to management in fulfilling this responsibility. In its oversight responsibilities, the Audit Committee reviewed with management and the independent registered public accounting firm the audited financial statements included in the Annual Report on Form 10-K for the year ended December 31, 2017, and discussed the quality and acceptability of the accounting principles, the reasonableness of significant judgments and the clarity of disclosure in the financial statements.

In addition, the Audit Committee obtained from the Company’s independent registered public accounting firm a formal written statement discussing any disclosed relationship or service which may impact the objectivity and independence of the independent registered public accounting firm, as required by Public Company Accounting Oversight Board Rule 3526 “Communication with Audit Committees Concerning Independence”. The Audit Committee also discussed with the independent registered public accounting firm all communications required by Public Company Accounting Oversight Board Auditing Standard 1301 “Communications with Audit Committees”.

The Audit Committee also monitored the internal audit functions of the Company including the independence and authority of its reporting obligation, the proposed audit plan for the coming year, and the adequacy of management response to internal audit findings and recommendations.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2017 for filing with the Securities and Exchange Commission.

PROPOSAL 3 – RATIFICATION OF INDEPENDENT AUDITORS

The Company's Board of Directors has appointed the firm of DHG as independent registered public accountants to audit the consolidated financial statements of the Company for the fiscal year ending December 31, 2018.

DHG audited the financial statements included in the Company's Annual Report on Form 10-K for the years ended December 31, 2017 and 2016. Representatives of DHG are expected to be present at the Annual Meeting, will have an opportunity to make a statement, if they desire to do so, and are expected to be available to respond to appropriate questions from stockholders.

Although the Company's Bylaws do not require stockholder ratification or other approval of the retention of the Company's independent registered public accounting firm, as a matter of good corporate governance, the Board of Directors is requesting that the stockholders ratify the appointment of DHG as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2018.

The Board of Directors unanimously recommends that you vote for the approval of the ratification of the appointment of DHG as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2018.

The following table presents aggregate fees paid or to be paid by the Company and the Bank for professional services rendered by DHG. Audit fees include audit and review services, consents and review of documents filed with the SEC. Audit-related fees consist of research and consultation concerning financial accounting and reporting standards and audits of the Company's benefit plans. Tax fees include preparation of federal and state tax returns and consultation regarding tax compliance issues.

	<u>Fiscal 2017</u>	<u>Fiscal 2016</u>

Audit-related Fees	27,593	66,400
Tax Fees	14,250	15,500
Total Fees	<u>\$ 514,277</u>	<u>\$ 205,858</u>

The Audit Committee pre-approves all audit, audit related and tax services on an annual basis, and in addition, authorizes individual engagements that exceed pre-established thresholds. Any additional engagement that falls below the pre-established thresholds must be reported by management at the Audit Committee meeting immediately following the initiation of such an engagement.

INTEREST OF DIRECTORS AND OFFICERS IN CERTAIN TRANSACTIONS

Some of the Company's directors, executive officers and members of their immediate families, and corporations, partnerships and other entities, of which such persons are officers, directors, partners, trustees, executors or beneficiaries, are customers of the Bank. All loans and loan commitments to them were originated in the ordinary course of business, upon substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons and, other than as set forth below, do not involve more than normal risk of collectibility or present other unfavorable features. It is the policy of the Bank to provide loans to officers who are not executive officers and to employees at more favorable rates than those prevailing at the time for comparable transactions with other persons. These loans do not involve more than the normal risk of collectibility or present other unfavorable features.

The Company and the Bank occasionally purchase insurance products through B. H. Baird Insurance Agency ("Baird"). Richard A. Farmar, III, a director of the Company and the Bank, is President of Baird.

The Bank outsources certain information technology services and equipment from Compass Information Services, LLC ("Compass"), of which C. Frank Scott, IV, the Chairman's son, is the owner. During 2017 and 2016, the Bank has paid \$360,662 and \$219,625, respectively, including pass-through of independent contractors to manage information technology projects, to Compass.

The Company has not adopted a formal policy that covers the review and approval of related person transactions by the Company's Board of Directors. The Board reviews all proposed related party transactions for approval. During such a review, the Board will consider, among other things, the related person's relationship to the Company, the facts and circumstances of the proposed transaction, the aggregate dollar amount of the transaction, the related person's relationship to the transaction and any other material information.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Pursuant to Section 16(a) of the Securities Exchange Act of 1934, directors and executive officers of the Company are required to file reports with the Securities and Exchange Commission indicating their holdings of and transactions in the Company's common stock. Based upon a review of filings with the Securities and Exchange Commission and written representation that no other reports were required, the Company believes that all of its directors and executive officers were in compliance with the reporting requirements of Section 16(a) of the Securities Exchange Act of 1934 during 2017, except for three late filings reporting three transactions for Gary L. Armstrong and one late filing reporting one transaction for each of Randal R. Greene and Richard A. Farmar, III.
